THE CORE 10

These are the pieces that do the heavy lifting — mix, match, and repeat.

1. Linen or cotton trousers (x2) – Lightweight, breathable, effortlessly elegant.
2. Neutral tops (x3) – Think crisp white, soft beige, classic navy.
3. Stylish day dress (x2) – Something you can wear from breakfast to aperitivo.
4. Layering piece – A lightweight blazer or cardigan.
5. Comfortable flats or sandals (x1) – Leather is your best friend.
6. Low heels or chic espadrilles (x1) – For evenings or elegant days out.
7. One standout accessory – Silk scarf, bold earrings, or statement sunglasses.
8. Swimsuit + cover-up – For beach, pool, or spa days.
9. Crossbody or tote bag – Large enough for essentials, stylish enough to carry all day.
10. Light scarf or wrap – Doubles as warmth, style, or modesty in churches.

ITALIAN STYLE SECRETS

It’s not about trends — it’s about timelessness.

Choose quality fabrics, flattering shapes, and a soft colour palette.

Stick to 2–3 base colours (neutrals) with one accent.

Stay fresh, not fussy.

You’ll re-wear items, so pack fabrics that don’t wrinkle and layer well.

Footwear rules the day.

Cobblestones are not your friends in stilettos.
Choose elegant but practical shoes.

Understated glam wins.
Italians love natural beauty with a touch of polish.
Think red lip, not full contour.

WHAT NOT TO PACK

- ❌ Chunky running shoes (unless you’re running)
- ❌ “Just in case” outfits you don’t truly love
- ❌ Overstuffed makeup bags — bring the essentials
- ❌ Loud logos or slogan tees
- ❌ More than 3 pairs of shoes

- Knowing exactly what to wear every day
- Feeling beautiful and comfortable
- Focusing on experience, not excess

TIMELESS ITALIAN STYLE TIPS

These aren’t trends — they’re principles that help Italian women look so effortlessly elegant.

- Neutrals reign. Think cream, taupe, navy, olive, and white. Add one accent like coral or sky blue.
- Fit is everything. Even a simple cotton shirt looks divine if it fits well.
- Quality > Quantity. One beautifully made dress is better than five fast-fashion ones.
- Accessories are your signature. Sunglasses, earrings, scarves — small details, big impact.
- Dress for beauty, not attention. Bella figura isn’t about standing out, it’s about standing tall in your own skin.
